Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR PROCESSING NOTES FOR # 34472

CBS News/New York Times National Poll, October #2, 2011

1.) **Undocumented Variables:** No information was provided for variables **BTCH, OSMP, KAPP, COVR, FLIP, FLP2, FLP3, FLP4.**

2.) **Value Recodes:** Variable **AGE** has been top-coded at 90 to preserve respondent anonymity; the value 90 has been given the label “Age 90 or older”.

3.) **Truncated Value Label:** The label for value 39 in **Q3** is truncated. No further information was provided.

Data Completeness Report

Notes: (1) Variables are individually listed only if they have greater than 5% missing data. These variables are listed under the appropriate percentage category in the order in which they appear in the data file. (2) The Data Completeness Report only captures information about system missing or other values that are declared missing. Codes that have a label implying that they are missing but that are not declared missing values are not reflected in this report. Data users should consult the codebook for more specific information about missing values. (3) Some variables that have 100% missing data may have been blanked by ICPSR to protect respondent confidentiality. Data users should consult the codebook for more specific information about blanked variables. (4) Data do not contain skip patterns or skip patterns are not reflected in the data as coded.

Table 1: Distribution of Variables by Percentage of Missing Values

Variable Name and Label (Total Cases = 1650)		Percent of Cases with Missing Values
59.9% (88 of 147 variables)	have 0% Missing Values	
0.0% (0 of 147 variables)	have 0% - 1% Missing Values	
0.7% (1 of 147 variables)	have 1% - 3% Missing Values	
0.0% (0 of 147 variables)	have 3% - 5% Missing Values	
0.0% (0 of 147 variables)	have 5% - 10% Missing Values	
1.4% (2 of 147 variables)	have 10% - 20% Missing Values	
Q26	Attention 2012 Campaign	10.6%
PRIM	Vote 2012 Primary/Caucus	10.6%
3.4% (5 of 147 variables)	have 20% - 40% Missing Values	
URBN	Urbanity	29.3%
MSC	MSC code	29.3%
FEMM	Number of female adults	29.3%
Q14	Obama Handle Iraq	36.4%
Q100	Former Unemployed in Past 2 Years	33.9%
34.7% (51 of 147 variables)	have 40% - 99% Missing Values	
LAG	Lag Since Source Survey	68.5%
CD	Congressional District	52.7%
Q27	2012 Rep Pres Nominee	72.4%
Q28	Surety about nomination	75.7%
Q29	Romney Support	72.4%
Q30	Cain Support	72.4%
Q31	Perry Support	72.4%
Q35	Avoid public employees layoff	49.8%
Q36	Layoff of teacher/police/firefighter	50.2%
Q53	Employment type	55.9%
Q54	Employed-waiting time for job	91.3%
Q55	Income - previous vs. current job	91.5%
Q56	Work - previous vs. current job	91.5%
Q57	Retired/Not in mkt - Waiting time	95.9%
Q58	Current Job security	56.1%

Table 1: Distribution of Variables by Percentage of Missing Values

Variable Name and Label (Total Cases = 1650)		Percent of Cases with Missing Values
Q59	Wage reduction in past year	56.1%
Q61	Time unemployed	75.5%
Q62	Confidence finding long-term job	75.5%
Q63	Quit or laid off	75.5%
Q64	Previous job type	75.5%
Q65	Highest wage earner in house	75.5%
Q67	Occasional/part-time job	75.5%
Q68	Time spent job hunting	75.5%
Q69	Qualification - Jobs apply to	75.5%
Q70	May be hired but not apply	75.5%
Q72	Reason not gotten job	75.5%
Q73	Consider moving for job	75.5%
Q74	Applied for a job - required to move	89.9%
Q75	Participate in job re-training program	75.5%
Q76	Income/benefit expectation next job	75.5%
Q77	Taken money out of saving	75.5%
Q78	Borrowed money	75.5%
Q79	Household credit card debt	75.5%
Q80	Received food from non-profit	75.5%
Q81	Foreclosure threat	75.5%
Q82	Move out of home	75.5%
Q84	Spouse employment status	89.8%
Q85	Spouse worked extra	94.1%
Q86	Receive Unemployment benefits	75.5%
Q87	Reason - No longer receive benefits	92.7%
Q88	Benefits vs. previous income	93.1%
Q89	Benefits enough to cover costs	93.1%
Q90	Benefits run out before finding job	93.1%
Q91	Have healthcare coverage	75.5%
Q92	Reason don't have healthcare	91.1%
Q93	More conflicts with family	75.5%
Q94	Experienced emotional/health issues	75.5%
Q95	Felt embarrassed about being jobless	75.5%
PEDU	Post Grad Degree	83.3%
I250	Income Over 250K	87.6%
NPH0	Number other phones	82.8%
0.0% (0 of 147 variables)	have 100% missing values	

ICPSR 34472

CBS News/New York Times National Poll, October #2, 2011

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

CBS News/New York Times National Poll, October #2, 2011

CASEID	caseid

Location: 1-5 (width: 5; decimal: 0)
Variable Type: numeric
Question: caseid
Based upon 1650 valid cases out of 1650 total cases.

DYOF	Day of Survey

Location: 6-6 (width: 1; decimal: 0)
Variable Type: numeric
Question: Day of Survey

Value	*Label*	*Unweighted Frequency*	*%*
0	Tenth	0	0.0 %
1	First	133	8.1 %
2	Second	337	20.4 %
3	Third	343	20.8 %
4	Fourth	255	15.5 %
5	Fifth	345	20.9 %
6	Sixth	237	14.4 %
7	Seventh	0	0.0 %
8	Eighth	0	0.0 %
9	Ninth	0	0.0 %

Based upon 1650 valid cases out of 1650 total cases.

- Mean: 3.64
- Median: 4.00
- Mode: 5.00
- Minimum: 1.00
- Maximum: 6.00
- Standard Deviation: 1.55

DAYS	Day of Week

Location: 7-7 (width: 1; decimal: 0)
Variable Type: numeric
Question: Day of Week

Value	*Label*	*Unweighted Frequency*	*%*
1	Sunday	339	20.5 %
2	Monday	243	14.7 %
3	Tuesday	0	0.0 %

Value	*Label*	*Unweighted Frequency*	*%*
2	Not able	1049	63.6 %
9	DK/NA	266	16.1 %

Based upon 1650 valid cases out of 1650 total cases.

- Mean: 2.93
- Median: 2.00
- Mode: 2.00
- Minimum: 1.00
- Maximum: 9.00
- Standard Deviation: 2.69

APPENDIX FOR ICPSR # 34472

CBS News/New York Times National Poll, October #2, 2011

The codes listed in the appendix provide the complete listing of states (including the District of Columbia) composing the CBS Region and Census Region variables (**CBSR** and **CENR**, respectively, in the codebook), as well as the state codes composing the CBS State Codes variable (**STCD** in the codebook).

CBS Region Codes

Northeast:
Connecticut
Delaware
District of Columbia
Maine
Maryland
Massachusetts
New Hampshire
New Jersey
New York
Pennsylvania
Rhode Island
Vermont
West Virginia

Northcentral:
Illinois
Indiana
Iowa
Kansas
Michigan
Minnesota
Missouri
Nebraska
North Dakota
Ohio
South Dakota
Wisconsin

South:
Alabama
Arkansas
Florida
Georgia
Kentucky
Louisiana
Mississippi
North Carolina
Oklahoma
South Carolina
Tennessee
Texas
Virginia

West:
Alaska
Arizona
California
Colorado
Hawaii
Idaho
Montana
Nevada
New Mexico
Oregon
Utah
Washington
Wyoming

Census Region Codes

Census region codes parallel CBS region codes with one exception: Delaware, District of Columbia, Maryland, and West Virginia are coded as South, not Northeast.
