Personal Interview Transcripts for Research on Exploring Citizen Perspectives on Electronic Government-Citizen Relationships, January-May 2005

- 1) The data for this study is comprised of transcripts of each respondent's answers to a series of questions.
- 2) The question wording and number of questions may vary slightly from person to person. Most questions are noted in bold throughout the text, while responses are below the question.
- 3) To preserve respondent anonymity, the primary investigator has blocked out identifying text.
