ICPSR CODEBOOK NOTES
Criminal History Data

- 1) Some character variables appear to have been truncated in the original dataset. ICPSR attempted to widen these variables, however this technique did not resolve the problem of values being truncated in certain character variables.
- 2) Users should be aware that this data collection may contain undocumented codes. These codes were not labeled by the principal investigator nor were they labeled by ICPSR.
- 3) ICPSR recoded blanks in numeric variables to -9 and labeled them "Blank".
- 4) ICPSR removed the CASENUM "CASE NUMBER" variable from the dataset and replaced it with the CASEID variable, a unique identifier that was created by ICPSR.
- 5) The following variables, while retained in the dataset, do not contain any valid responses:

NAME	"NAME"
GALLERY	"GALLERY NUMBER"

- 6) The data are restricted from general dissemination. Users interested in obtaining these data must complete a Restricted Data Use Agreement form and specify the reasons for the request. A copy of the Restricted Data Use Agreement form can be requested by calling 800-999-0960. Researchers can also download this form as a Portable Document Format (PDF) file from the download page associated with this dataset.

Completed forms should be returned to: Director, National Archive of Criminal Justice Data, Inter-university Consortium for Political and Social Research, Institute for Social Research, P.O. Box 1248, University of Michigan, Ann Arbor, MI 48106-1248, or by fax: 734-647-8200.
