7. What other community resources or programs have been initiated as a result of the Community Mobilization Against Drugs Initiative?
8. If the Community Mobilization Against Drugs Initiative was not in operation, what resources would be utilized to help those with alcohol or drug related problems?
9. In what ways do tribal policy makers utilize evaluation reports about programs serving the Lummi Community?

FOCUS GROUP QUESTIONS

FOR PROGRAM PARTICIPANTS AND FAMILY MEMBERS LUMMI NATION

1. Alcohol and drug related problems are found in most communities, what is said about this problem in the Lummi community?
2. What are some of the community programs that help individuals or families faced with alcohol and drug related problems?
3. How is the Community Mobilization Against Drugs Initiative similar or different from other community programs helping those with alcohol or drug related problems?
4. What is the main purpose of the Community Mobilization Against Drugs Initiative?
5. How have individuals benefited from the Community Mobilization Against Drugs Initiative?
6. What are some of the important events or activities of the Community Mobilization Against Drugs Initiative?
7. In what ways is the Community Mobilization Against Drugs Initiative changing the way the community views or deals with alcohol or drug related problems?
8. How, if at all, has the Community Mobilization Against Drugs Initiative affected family life in the community?
9. Generally, how do most participants in treatment, including recovery, feel about the program?

FOCUS GROUP QUESTIONS

FOR YOUNG PEOPLE (Ages 13-17) LUMMI NATION

1. What are some of the programs that help individuals and their families with alcohol or drug related problems in this community? Examples include: YESS, Youth Outreach, Juvenile Justice Court, SeeEyeChen, Cedar Board, Safe House.
2. What is “good” about some of these programs?
3. What is “not so good” about some of these programs?
4. How are individuals and/or their families helped by the Community Mobilization Against Drugs Initiative through their various programs?
5. How does Community Mobilization Against Drugs Initiative, as experienced through participation in the Y.E.S.S. program, determine if a young person’s treatment was a success? What successes have you experienced as a result of participating in the Y.E.S.S. program?
6. How does the Community Mobilization Against Drugs Initiative, as experienced directly through community wide events and through participation in programs such as the ones already mentioned, include tribal healing traditions in its treatment, services, or enrichment activities?
7. In what ways do individuals and/or their families benefit from the inclusion of tribal healing and/or cultural activities in the enrichment and counseling services offered by Y.E.S.S. and other programs?
8. How, if at all, has a program like Community Mobilization Against Drugs Initiative, as experienced through participation in Y.E.S.S. and other programs, affected family life for those the programs have helped? Examples include: assistance with basic living needs; orthodontics; eyeglasses; youth enrichment through field trips, exposure to higher education, and fun activities; cultural strengthening through language, Sla Hal, beading, carving, drum making, canoe, treaty rights; youth employment; life skills development; health and wellness; youth outreach including transport to school, probation, outpatient CD treatment; Youth Safe House providing safe, stable and supervised housing.
9. In what ways is the Community Mobilization Against Drugs Initiative changing the way the community views or deals with alcohol or drug related problems?
10. In what ways do individuals and their families who have been helped by the Community Mobilization Against Drugs Initiative, keep in contact with the program or program staff of the various programs already mentioned?

FOCUS GROUP QUESTIONS
FOR COMMUNITY MEMBERS
LUMMI NATION

1. As in all communities, there are problems and issues that affect everyone. What are some of the important problems that are of concern to the Lummi Nation?
2. How are these problems being addressed and handled by the tribal government and the programs and services available to the Lummi community?
3. What other help is being provided by other organizations or groups, for example, local churches?
4. In what way or ways do you see the programs and services helping people?
5. In what ways do you feel community services, events, and programs are responsive (listening?) to people in the community who have varying beliefs and values?
6. How might these programs be improved?
7. What have you heard about the Community Mobilization Against Drugs Initiative (CMAD)?
8. How is CMAD similar or different from other community programs that are helping those with alcohol or drug related problems?
9. What kinds of programs, initiatives, or services do you feel the Lummi community needs to have to improve the life and well being of its members?
10. In what ways are the lives of the tribal members improving?
