## Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

### NOTICE

#### WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

## ICPSR CODEBOOK NOTES

- 1) To protect respondent privacy, certain identifying information is restricted from general dissemination. Users interested in obtaining these data must complete a Restricted Data Use Agreement form and specify the reasons for the request. A copy of the Restricted Data Use Agreement form can be requested by calling 800-999-0960. Researchers can also download this form as a Portable Document Format (PDF) file from the download page associated with this dataset.

Completed forms should be returned to: Director, National Archive of Criminal Justice Data, Inter-university Consortium for Political and Social Research, Institute for Social Research, P.O. Box 1248, University of Michigan, Ann Arbor, MI 48106-1248, or by fax: 734-647-8200.

- 2) The research team developed two self-reporting questionnaires, the Older Adult Mistreatment Assessment (OAMA) Client Questionnaire and the OAMA Staff Questionnaire, in order to measure for financial exploitation and psychological abuse of the elderly. The staff questionnaire corresponds to variables SPOSITION to S83CONSUMAFRAIDC78 (variable positions 2 to 141) and the client questionnaire corresponds to variables CBIRTHDATE to C83CGOVERCHRGS80 (variable positions 142 to 273).
- 3) ICPSR masked the following variables in the downloadable dataset to protect respondent confidentiality:

SPOSITION	"INVESTIGATOR POSITION"
SAGENCYCODE	"SAGENCYCODE"
SYEARSEXP	"NUMBER OF YEARS EXPERIENCE"
SHISPANIC	"HISPANIC OR LATINO"
SRACE	"RACE OR ETHNICITY"
STRUSTOTH1	"PRIMARY TRUSTED OTHER"
STRUSTOTH2	"SECONDARY TRUSTED OTHER"
RPTMISCS	"OTHER SOURCE (PLEASE CITE)"
STRUSTOTHFIN	"TRUSTED OTHER FOR FINANCIAL MATTERS"
STRUSTOTHFIN2	"ADDITIONAL TRUSTED OTHERS"

CBIRTHDATE	"DATE OF BIRTH"
YEARBORN	"BIRTH YEAR"
CHISPANIC	"HISPANIC OR LATINO"
CRACE	"RACE OR ETHNICITY"
CTRUSTOTH1	"PRIMARY TRUSTED OTHER"
CTRUSTOTH2	"ADDITIONAL TRUSTED OTHER"
CTRUSTOTHF1	"WHO IS YOUR PRIMARY TRUSTED OTHER FOR FINANCIAL MATTERS"
CTRUSTOTHF2	"ANY ADDITIONAL TRUSTED OTHERS"

Except for the SAGENCYCODE and CBIRTHDATE variables, which are also masked in the restricted version of this data collection, the original content of the above variables is available through our restricted access procedures (see note 1 above). Additionally, users should be aware that, in the string variables, non-identifying values such as "not provided", "none", and "unknown" were not masked.

- 4) Due to confidentiality issues, ICPSR masked some values in the restricted version of the dataset. Specifically, ICPSR anonymized the names of individuals in the following variables in the dataset.

STRUSTOTH1	"PRIMARY TRUSTED OTHER"
STRUSTOTH2	"SECONDARY TRUSTED OTHER"
STRUSTOTHF1	"TRUSTED OTHER FOR FINANCIAL MATTERS"
CTRUSTOTH1	"PRIMARY TRUSTED OTHER"
CTRUSTOTH2	"ADDITIONAL TRUSTED OTHER"
CTRUSTOTHF1	"WHO IS YOUR PRIMARY TRUSTED OTHER FOR FINANCIAL MATTERS"

Changed text in these variables is denoted by square brackets, [ ]. This information is not available to secondary users of the data, even under restricted access procedures

- 5) ICPSR created the CASEID “CASE IDENTIFIER CREATED BY ICPSR” variable, which is a unique identifier.
- 6) ICPSR assigned the following value labels based upon information provided by the principal investigators.

<b>Variable Name</b>	<b>Value Labels</b>
SHISPANIC	3 “Refused”
SHANDMONEY	4 “Don’t know/not applicable/refused”
CFINSUPPORT	4 “Don’t know/not applicable/refused”

- 7) ICPSR recoded blanks in numeric variables to -9 and labeled them Blank. Numeric variables with values of 9, 99, and 9999 were declared Missing at the instruction of the principal investigators. ICPSR also assigned the value label of “Missing” to the 9, 99, and 9999 codes.

## Financial Exploitation and Psychological Abuse of Older Adults in the Chicago Metropolitan Area, 2007-2008 [United States]

### Variable Description and Frequencies

**Note:** Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.
