Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE

WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR PROCESSING NOTES FOR # 27382
Criminal Justice Drug Abuse Treatment Studies (CJDATS)
Part4- S4A: Survey of Correctional, Probation, and Parole Staff Data

Note 1: To protect respondent privacy, the direct identifiers have been removed and the sensitive variables or texts have been masked or recoded.

Note 2: For better understanding of the recoded and other computed variables, it is advisable that the users read the documentations and the Study Data Manual before reviewing or analyzing the data.

Note 3: The blank responses correspond to “Not Answered”.

Note 4: There is discrepancy between the number of cases in the data file and the number of cases that have been cited on page 14 of the Study Data Manual (**mn27382-all.pdf**). This discrepancy is due to one State that participated in S3 and S4 whose responses have not been used when calculating the nationally representative estimates (the numbers cited in the Study Data Manual). This State was not originally selected for inclusion in the sample; however, the purpose of participation was to acquire information on the State's substance abuse treatment system for the offenders.

Data Completeness Report

Notes: (1) Variables are individually listed only if they have greater than 5% missing data. These variables are listed under the appropriate percentage category in the order in which they appear in the data file. (2) The Data Completeness Report only captures information about system missing or other values that are declared missing. Codes that have a label implying that they are missing but that are not declared missing values are not reflected in this report. Data users should consult the codebook for more specific information about missing values. (3) Some variables that have 100% missing data may have been blanked by ICPSR to protect respondent confidentiality. Data users should consult the codebook for more specific information about blanked variables. (4) Data do not contain skip patterns or skip patterns are not reflected in the data as coded.

Table 1: Distribution of Variables by Percentage of Missing Values--S4A: Survey of Correctional, Probation, and Parole Staff Data

Variable Name and Label (Total Cases = 747)	Percent of Cases with Missing Values
43.1% (127 of 295 variables)	have 0% Missing Values
0.3% (1 of 295 variables)	have 0% - 1% Missing Values
0.3% (1 of 295 variables)	have 1% - 3% Missing Values
29.5% (87 of 295 variables)	have 3% - 5% Missing Values
18.0% (53 of 295 variables)	have 5% - 10% Missing Values
S4AQ4	Does your supervisor work in this facility/location? 6.2%
S4AQ11	Gender 5.2%
S4AQ23D	We have enough staff to meet the needs of this facility/location. 5.2%
S4AQ23J	We have funding available to introduce new programs and/or initiatives if they are needed 5.1%
S4AQ23L	We would significantly expand/enhance certain programs and/or services if funding were available. 5.1%
S4AQ23M	Our physical facilities are designed to meet the specific needs of most of the important services and programs we run. 5.1%
S4AQ23T	Our programs, services, and/or initiatives are designed to address multiple offender needs. 5.2%
S4AQ24A	Do you work in a substance abuse treatment program? 6.3%
S4AQ27A	Is this program specifically designed to meet the needs of a particular client/offender population? 5.9%
S4AQ32A	Show people who use drugs they will be punished severely if they don't stop. 5.1%
S4AQ32C	Keep criminals in prison/jail and off the streets. 5.4%
S4AQ32E	Deter future offenders by severely punishing criminals who are caught and convicted. 5.4%
S4AQ32F	Provide criminals with treatment to address addiction, mental health problems, or other problems. 5.4%
S4AQ32G	Make sure that the treatment provided is matched to the offender's needs. 5.2%
S4AQ32H	Keep criminals in prison/jail where they can't bother law abiding citizens. 5.1%

Table 1: Distribution of Variables by Percentage of Missing Values--S4A: Survey of Correctional, Probation, and Parole Staff Data

Variable Name and Label (Total Cases = 747)		Percent of Cases with Missing Values
S4AQ32I	Provide more treatment, jobs, and educational programs to address problems that often contribute to crime	5.5%
S4AQ32J	Keep drug users in prison/jail and off the streets.	5.8%
S4AQ32K	Punish addicts in prison/jail to stop them from using drugs	5.4%
S4AQ32L	Deter future criminals by severely punishing drug users who are caught and convicted.	5.2%
S4AQ34C	The leader of facility/location gets people to work together for the same goal.	5.2%
S4AQ34D	The leader of facility/location insists on only the best performance.	5.4%
S4AQ34E	The leader of facility/location takes the time to carefully listen to and discuss peoples concerns.	5.4%
S4AQ34G	The leader of facility/location gives special recognition to others work when it is very good.	5.2%
S4AQ34H	The leader of facility/location provides well-defined performance goals and objectives.	5.1%
S4AQ34J	The leader of facility/location provides us with the necessary resources and assistance we need to get our work completed.	5.1%
S4AQ36A	I feel concerned for treatment staff if they are under pressure.	7.2%
S4AQ36B	I understand the problems that treatment staff face in their jobs.	6.8%
S4AQ36C	Treatment staff in this facility/location are doing the best they can given the circumstances.	7.2%
S4AQ36D	The treatment staff here work as hard as we do.	7.2%
S4AQ36E	Treatment staff play an important role in this facility/location.	7.2%
S4AQ36F	Treatment staff make realistic demands on corrections staff.	8.0%
S4AQ36G	Treatment staff here work very well with corrections staff.	8.3%
S4AQ36H	The corrections staff at this facility/location work hard to make sure that substance treatment services are provided in an effective manner.	8.3%
S4AQ36I	Treatment staff here have respect for corrections staff and value what we do.	8.0%
S4AQ37A	The different activities of corrections and treatment staff around here together when it comes to providing offenders substance abuse treatment services.	7.5%
S4AQ37B	Staff from various interrelated departments in this agency make an effort to avoid creating problems or interfering with each other's duties and responsibilities.	6.8%
S4AQ37C	People from different departments who have to work together do their jobs properly and efficiently without getting in each other's way.	7.6%
S4AQ37D	Things run smoothly when it comes to providing offenders with substance abuse treatment services.	7.4%
S4AQ37E	There is good coordination between my unit and others with whom I need to coordinate.	6.8%

Table 1: Distribution of Variables by Percentage of Missing Values--S4A: Survey of Correctional, Probation, and Parole Staff Data

Variable Name and Label (Total Cases = 747)		Percent of Cases with Missing Values
S4AQ37F	Staff from different departments in this agency work well together.	6.7%
S4AQ37G	Staff from other departments help out treatment staff in ways that keep things running smoothly.	7.4%
S4AQ37H	Staff from different departments work together to solve problems involving substance abuse treatment services as they arise.	7.5%
S4AQ23STAFF	Q23 (a,d) - Staffing subscale - needs assessment (SEE Documentation for part 4)	5.8%
S4AQ23RET	Q23 (b,c) - Retention subscale - needs assessment (SEE Documentation for part 4)	5.1%
S4AQ32JUST	Q32(d,k) just desserts subscale (SEE Documentation for part 4)	5.5%
S4AQ32TRAD	Q32(a,j,k,l,c,e,h,d) traditional sanctions subscale (SEE Documentation for part 4)	5.1%
S4AQ32DRUG	Q32(a,j,k,l) drug subscale - traditional sanctions (SEE Documentation for part 4)	5.1%
S4AQ32CRIME	Q32(c,e,h,d) criminal subscale - traditional sanctions (SEE Documentation for part 4)	5.1%
S4AQ33FUT	Q33 (m,n) - Future goals/vision (SEE Documentation for part 4)	5.1%
S4AQ36EMP	Q36(a,b) - Empathy subscale - Perspective taking (SEE Documentation for part 4)	7.4%
S4AQ36POS	Q36(c through i) - Positive attributions - Perspective taking (SEE Documentation for part 4)	7.9%
S4AQ37INT	Q37(a to h) - Interdepartmental coordination (SEE Documentation for part 4)	7.2%
RECODE_S4AQ12	Current Age (Recoded)	6.2%
0.3% (1 of 295 variables)	have 10% - 20% Missing Values	
S4AQ21	In your estimation how often are program activities interrupted because of security or facility procedures	12.0%
0.0% (0 of 295 variables)	have 20% - 40% Missing Values	
8.1% (24 of 295 variables)	have 40% - 99% Missing Values	
S4AQ25	Which of the following best describes the program or treatment unit in which you work?	85.1%
S4AQ26	Please check if your program operates within any of the following facilities or units:	83.7%
S4AQ28A	Treatment staff needs training in assessing offender problems and needs	85.0%
S4AQ28B	Treatment staff needs training in increasing offender participation in treatment	85.0%
S4AQ28C	Treatment staff needs training in improving rapport with offenders	85.3%
S4AQ28D	Treatment staff needs training in working effectively with different racial or ethnic groups	85.1%

Table 1: Distribution of Variables by Percentage of Missing Values--S4A: Survey of Correctional, Probation, and Parole Staff Data

Variable Name and Label (Total Cases = 747)		Percent of Cases with Missing Values
S4AQ28E	Treatment staff needs training in providing counseling for offenders mental health problems	85.3%
S4AQ28F	Treatment staff needs training in providing HIV,AIDS counseling for offenders	85.0%
S4AQ28G	Treatment staff needs training in using passive restraint with juvenile offenders	85.8%
S4AQ28H	Treatment staff needs training in working with staff in other units/agencies	85.0%
S4AQ28I	Treatment staff needs training in understanding and dealing with security issues	85.0%
S4AQ29	How often do you participate in updating the treatment plans of clients/offenders in the program?	83.9%
S4AQ30A	Importance of providing subs abuse treatment to offenders w drug prob in prison	83.9%
S4AQ30B	Importance of providing subs abuse treatment to offenders w drug prob in community	83.8%
S4AQ31A	Importance of providing each program: Education/GED	81.0%
S4AQ31B	Importance of providing each program: HIV/AIDS counseling or treatment	81.4%
S4AQ31C	Importance of providing each program: Mental health counseling	81.0%
S4AQ31D	Importance of providing each program: Vocational training	81.3%
S4AQ31E	Importance of providing each program :Life skills	81.0%
S4AQ31F	Importance of providing each program: Transitional housing	81.4%
S4AQ31G	Importance of providing each program: Work assignments or work release (in prison/jail)	81.4%
S4AQ31H	Importance of providing each program: Community service	81.7%
S4AQ31I	Importance of providing each program: Criminal thinking	81.1%
S4AQ31J	Importance of providing each program: Job placement	81.3%
0.3% (1 of 295 variables)	have 100% missing values	
RECODE_S4AQ9D	Field receive your highest degree? Medicine (recoded)	100.0%

Criminal Justice Drug Abuse Treatment Studies (CJ-DATS): National Criminal Justice Treatment Program (NCJTP) Survey in the United States, 2002-2008

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

S4AQ27B7

Which particular client/offender population? African-Americans

Location:

1546-1546 (width: 1; decimal: 0)

Variable Type:

numeric

Question:

Which particular client/offender population? African-Americans

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	No	718	96.1 %
1	Yes	29	3.9 %

Based upon 747 valid cases out of 747 total cases.

- Mean: 0.04
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.19

S4AQ27B8

Which particular client/offender population? Co-occurring clients (mental health & substance abuse)

Location:

1547-1547 (width: 1; decimal: 0)

Variable Type:

numeric

Question:

Which particular client/offender population? Co-occurring clients (mental health & substance abuse)

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	No	709	94.9 %
1	Yes	38	5.1 %

Based upon 747 valid cases out of 747 total cases.

- Study 27382 -

- Mean: 0.05
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.22

S4AQ27B9 Which particular client/offender population? Heroin addicts

Location: 1548-1548 (width: 1; decimal: 0)
 Variable Type: numeric
 Question: Which particular client/offender population? Heroin addicts

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	No	724	96.9 %
1	Yes	23	3.1 %

Based upon 747 valid cases out of 747 total cases.

- Mean: 0.03
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.17

S4AQ27B10 Which particular client/offender population? Sex offenders

Location: 1549-1549 (width: 1; decimal: 0)
 Variable Type: numeric
 Question: 'Which particular client/offender population? Sex offenders

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	No	729	97.6 %
1	Yes	18	2.4 %

Based upon 747 valid cases out of 747 total cases.

- Mean: 0.02
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.15

S4AQ27B11 Which particular client/offender population? HIV,AIDS

- Study 27382 -

Location: 1550-1550 (width: 1; decimal: 0)
 Variable Type: numeric
 Question: 'Which particular client/offender population? HIV,AIDS

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	No	730	97.7 %
1	Yes	17	2.3 %

Based upon 747 valid cases out of 747 total cases.

- Mean: 0.02
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.15

S4AQ27B12 Which particular client/offender population? Homeless

Location: 1551-1551 (width: 1; decimal: 0)
 Variable Type: numeric
 Question: 'Which particular client/offender population? Homeless

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	No	736	98.5 %
1	Yes	11	1.5 %

Based upon 747 valid cases out of 747 total cases.

- Mean: 0.01
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.12

S4AQ27B13 Which particular client/offender population? Other special population

Location: 1552-1552 (width: 1; decimal: 0)
 Variable Type: numeric
 Question: Which particular client/offender population? Other special population

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	No	737	98.7 %
1	Yes	10	1.3 %

Based upon 747 valid cases out of 747 total cases.

- Study 27382 -

- Mean: 0.01
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.12

S4AQ27B13S specify Other special population

Location: 1553-1602 (width: 50; decimal: 0)
 Variable Type: character

<i>Value</i>	<i>Unweighted Frequency</i>	<i>%</i>
	739	98.9 %
Masked	8	1.1 %

Based upon 747 valid cases out of 747 total cases.

S4AQ28A Treatment staff needs training in assessing offender problems and needs

Location: 1603-1613 (width: 11; decimal: 0)
 Variable Type: numeric
 Range of Missing Values (M): -3 , .
 Question: 28. Using the following scale, indicate your substance abuse treatment staff need for training in the following areas: Treatment staff needs training in assessing offender problems and needs

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	No need	11	1.5 %
2	Minimal need	13	1.7 %
3	Moderate need	41	5.5 %
4	Great need	34	4.6 %
5	Very great need	13	1.7 %
-3 (M)	Missing	49	6.6 %
. (M)	-	586	78.4 %

Based upon 112 valid cases out of 747 total cases.

- Mean: 3.22
- Median: 3.00
- Mode: 3.00
- Minimum: 1.00
- Maximum: 5.00
