Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE

WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR CODEBOOK NOTES

Texas and Southwestern Cattle Raisers Association Question 14

- 1) Users should be aware that the data in Parts 8-11 have some features that affect their analytic utility. The data available are actually frequencies and descriptive statistics that are presented in the final report from the principal investigators (Knowles et al., 2005; NCJ 212280). Additionally, Parts 8-11 each contain a single respondent group's answers to a single question—question 14 of the livestock industry survey. However, the dataset has multiple variables, representing different response options. The table below shows the correspondence between part and respondent group.

Part Number	Livestock Industry Association
8	Kansas Cattlemen's Association (KCA)
9	Kansas Livestock Association (KLA)
10	Oklahoma Cattlemen's Association (OCA)
11	Texas and Southwestern Cattle Raisers Association (TSCRA)

- 2) For all files in this collection, ICPSR converted the original Excel and Word data into SPSS, SAS and Stata. In converting the original files, ICPSR assigned variable labels and value labels based on information contained in the original data collection instruments, which are being distributed in the separate Data Collection Instruments file for this data collection. Variable names assigned by ICPSR for Parts 6-15 are abbreviations of the coded responses to the survey question corresponding to the data file.
- 3) In addition to disseminating the SPSS, SAS, and Stata files, ICPSR is disseminating the original Excel and Word data files in a Zip Archive file. Part 11 corresponds to the original file Bio-Terrorism_Q14-15_Texas.xls, sheet "Question 14".
- 4) ICPSR recoded blanks to 0 and labeled them "Not selected".

- 5) Users should be aware that while the livestock industry survey included 15 questions, responses to questions 1-6 were not included in any of the data files. Frequencies for these variables can be found in the Data Documentation file for this collection. Responses to questions 7-15 can be found in Parts 2-15.

ICPSR 32201

Defining Law Enforcements Role in Protecting American Agriculture From Agroterrorism in Kansas, Oklahoma, and Texas, 2003-2004

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

Defining Law Enforcements Role in Protecting American Agriculture From Agroterrorism in Kansas, Oklahoma, and Texas, 2003-2004

Texas and Southwestern Cattle Raisers Association Question 14

TSCRA_ID TSCRA ID

Location: 1-2 (width: 2; decimal: 0)
Variable Type: numeric
Based upon 17 valid cases out of 17 total cases.

- Mean: 9.00
- Median: 9.00
- Minimum: 1.00
- Maximum: 17.00
- Standard Deviation: 5.05

YESPATRL TSCRA Q14 - SHOULD LOCAL LAW ENFORCEMENT TAKE A MORE ACTIVE ROLE IN PATROLLING...YES

Location: 3-4 (width: 2; decimal: 0)
Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	13	76.5 %
1	Selected	4	23.5 %

Based upon 17 valid cases out of 17 total cases.

- Mean: 0.24
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.44

PRESENCE TSCRA Q14 - YES, PRESENCE OF LAW/PREVENTION

Location: 5-6 (width: 2; decimal: 0)
Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	14	82.4 %
1	Selected	3	17.6 %

Based upon 17 valid cases out of 17 total cases.

- Study 32201 -

- Mean: 0.18
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.39

YES_LTD TSCRA Q14 - YES, BUT LIMITED FUND/PERSONNEL

Location: 7-8 (width: 2; decimal: 0)

Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	16	94.1 %
1	Selected	1	5.9 %

Based upon 17 valid cases out of 17 total cases.

- Mean: 0.06
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.24

NO_LTD TSCRA Q14 - NO, LIMITED TRAINING, FUNDS OR PERSONNEL

Location: 9-10 (width: 2; decimal: 0)

Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	16	94.1 %
1	Selected	1	5.9 %

Based upon 17 valid cases out of 17 total cases.

- Mean: 0.06
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.24

PRACTCAL TSCRA Q14 - NO, NOT PRACTICAL/EFFECTIVE

Location: 11-12 (width: 2; decimal: 0)

Variable Type: numeric

- Study 32201 -

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	16	94.1 %
1	Selected	1	5.9 %

Based upon 17 valid cases out of 17 total cases.

- Mean: 0.06
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.24

BIGAREA TSCRA Q14 - NO, NOT IN A BIG THREAT AREA

Location: 13-14 (width: 2; decimal: 0)

Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	16	94.1 %
1	Selected	1	5.9 %

Based upon 17 valid cases out of 17 total cases.

- Mean: 0.06
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.24

NBHWATCH TSCRA Q14 - NO, NEIGHBORHOOD WATCH

Location: 15-16 (width: 2; decimal: 0)

Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	16	94.1 %
1	Selected	1	5.9 %

Based upon 17 valid cases out of 17 total cases.

- Mean: 0.06
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00

- Study 32201 -

- Standard Deviation: 0.24

GOODJOB TSCRA Q14 - NO, OFFICER DOING GOOD JOB NOW

Location: 17-18 (width: 2; decimal: 0)
 Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	16	94.1 %
1	Selected	1	5.9 %

Based upon 17 valid cases out of 17 total cases.

- Mean: 0.06
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.24

NOPATROL TSCRA Q14 - NO

Location: 19-20 (width: 2; decimal: 0)
 Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	14	82.4 %
1	Selected	3	17.6 %

Based upon 17 valid cases out of 17 total cases.

- Mean: 0.18
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.39

PTRLBLNK TSCRA Q14 - BLANK OR N/A

Location: 21-22 (width: 2; decimal: 0)
 Variable Type: numeric

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
0	Not selected	15	88.2 %
1	Selected	2	11.8 %

Based upon 17 valid cases out of 17 total cases.

- Study 32201 -

- Mean: 0.12
- Median: 0.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 1.00
- Standard Deviation: 0.33
