Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE

WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

Directions: This is a memory test. You will have six minutes to study the group of 40 sentences below and try to memorize them. Then there will be a brief interruption while you take some other short tests. After that, you will

be shown some of the sentences again, but one word will be missing from each, and you have to remember what the word is without looking back at the complete sentences. Study *all* the sentences—not just those at the beginning.

-

Continue studying the sentences.
Do not turn the page.

Stop here! Wait for further directions.
Do not turn the page.
Since $4 \times 2 = 8$, E is the correct answer. E has been marked on the answer sheet for this sample item.

Sample problem: SI. Multiply:

A. 2	4	—
B. 4	× 2	
C. 5		
D. 7		
E. 8		

Directions: In this test you will have some problems in arithmetic. Work each problem and find the answer among the five choices. Mark the letter on your answer sheet which stands for the answer you pick. There is only one correct answer for each problem. You may work the problems right in the test booklet.

Now look at the sample problem at the right.
