Child Trends

Codebook for Adult Pair Data

About *Research Connections*

These data are made available by the Child Care and Early Education *Research Connections* (CCEERC) project, which promotes high quality research in child care and early education and the use of that research in policymaking. Our vision is that children are well cared for and have rich learning experiences, and their families are supported and able to work.

Research Connections is supported by the Child Care Bureau, Administration for Children and Families of the United States Department of Health and Human Services through a cooperative agreement with the National Center for Children in Poverty, Mailman School of Public Health at Columbia University, and its partner, the Inter-university Consortium for Political and Social Research, Institute for Social Research at the University of Michigan.

Variable Name: **DKIDOHH**

    Label: Male MKA/resp has other chldrn out of HH

    Type: N

    Length: 8

Question Num: D8B

Question Text: Does (SPOUSE NAME) have any children under 18 years of age living outside of the household?

  Description: This variable refers to whether or not the respondent's spouse has any children under 18 years of age living outside of the household. It was not interpreted for the respondent.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	.D		25	0.03

Variable Name: **HHID**

    Label: Household identification number

    Type: C

    Length: 8

Question Num: N/A

Question Text: N/A

  Description: This is a unique number assigned to each household during survey processing. We included it as a convenience to researchers wishing to bring together interview records for the same household.

Variable Name: IABVFPV

Label: Earnings GT/LT four times pov line

Type: N

Length: 3

Question Num: I70

Question Text: Below or above $[FOUR TIMES THE POVERTY LINE COMPUTED FOR THE WHOLE FAMILY?]

[DO NOT PROBE "REFUSALS." PROBE ONLY "DON'T KNOW" ANSWERS.]

Description: This question was only asked of respondents whose social family earnings had not yet been determined to be greater than 400% of the federal poverty threshold. As such, this variable does not reflect imputations or other edits. For most analyses using family income with respect to the poverty level, see UINCRPOV and/or U_SOCPOV.

Variable Name: IEMPNOW

Label: Employed now

Type: N

Length: 3

Question Num: I2

Question Text: Now I would like to ask a few questions about [your/(SPOUSE/PARTNER)'s] employment.

[Are you/Is (SPOUSE/PARTNER)] now employed at a job or business? 1

[IF SUBJECT HAS A JOB BUT IS NOT AT WORK (SICK, VACATION, STRIKE, BAD WEATHER) COUNT AS EMPLOYED.]

1 Item I1 from the November 1996 version of the questionnaire ("Since the beginning of 1995 up to this week, have you ever worked at a job or business, either full time or part time, even for only a few days?") was deleted from the final version of the instrument.

Description: The interviewer defined employed at a job or business as including any activities for wages or salaries, for profit or fees, or for payment in kind. It also includes self-employment, unpaid activity on a family farm or business, and unpaid work performed in exchange for welfare benefits (workfare). Respondents were considered employed even if at the time of the interview they were: temporarily out of work because of sick leave (paid or unpaid), vacation (paid or unpaid), a strike, or bad weather (as for construction workers); on (paid or unpaid) leave of absence or on a temporary layoff if they have a definite arrangement to return to that job; or on maternity leave, or summer vacation (for school personnel) if they have an arrangement to return. Respondents who work on-call (such as substitute teachers) or on an as-needed basis were not counted as being employed. Also not included were seasonal workers during the off-season; students who were in school but who had plans for summer jobs, or people who did only volunteer work.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	1	Yes	55,426	73.39

Length: 3

Question Num: I5

Question Text: [Are you/Is (SPOUSE/PARTNER)] working for an employer, self-employed, or both?

Description: Interviewers were instructed to use "none of the above" for complex situations that did not fall into the simple response categories.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	.I		19,646	26.01
	1	Working for employers only	46,083	61.02
	2	Self-employed only	7,013	9.29
	3	Both working for employer and self-emp	2,729	3.61
	4	None of the above	54	0.07

Variable Name: IEMPOTH

Label: Other employment type now

Type: N

Length: 3

Question Num: I6

Question Text: [Are you/Is (SPOUSE/PARTNER)] working as an...

Description: The interviewer did not interpret this question for the respondent. If the question was not understood, the interviewer repeated the question and asked the respondent to respond according to what the question meant to him or her. This question asked about employment in different unpaid jobs or in occasional work.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

	3	No regular employer/occasional work	38	0.05

Variable Name: IEMPPAY

Label: Employer share of health insurance cost

Type: N

Length: 3

Question Num: I18

Question Text: Does [your/(SPOUSE/PARTNER)'s] employer pay all, part or none of the cost of the premiums for this health insurance?

Description: The respondent was expected to report whether the employer pays all, part, or none of the premium for the employee's own health insurance. The premium was defined as the regular payment for the health insurance coverage. It is different from deductibles and copayments paid for specific health care services. If there are no required premium contributions and the only payments the employee needs to make are the deductible or copayments when they use services, then the response to this question was entered as the employer pays all of the cost.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

Question Num: I46

Question Text: During the last 4 weeks [have you/has (SPOUSE/PARTNER)] been actively looking for {paid} work?

Description: Interviewers defined actively looking for work as using one or more of the following search methods: contacting a public or private employment agency (including a school placement office); contacting an employer directly; sending out resumes or filling out applications; contacting friends and relatives; placing or answering ads; and checking union/professional registers. See also U_LFSR.

Variable Name: ILYWKSA

Label: Amount worked last year - number

Type: N

Length: 3

Question Num: I49A

Question Text: I have a few questions about the work [you/(SPOUSE/PARTNER)] did last year.

During all of 1996, how many weeks did [you/(SPOUSE/PARTNER)] work including paid vacation and sick leave?

[PROBE: Even for a few hours]

[PROBE: Or how many months, if that's easier for you]

[CODE 0 WEEKS IF DID NOT WORK]

Description: The interviewer asked the respondent the actual number of weeks in which the respondent/respondent's spouse or partner worked, even if he or she worked only an hour a week. If the respondent had difficulty reporting the number of weeks, the interviewer was to ask for number of months. The interviewer entered 52 weeks if the respondent answered "all year." See also U_WKSLY.

Variable Name: **IRUNEMP**

Label: Main reason not working

Type: N

Length: 3

Question Num: I4

Question Text: What is the main reason [you are/(SPOUSE/PARTNER) is] not working?

Description: Interviewers were instructed to read the entire list of possible reasons for not working if they found it necessary to probe for an answer. After getting an answer, they confirmed that the code they selected was the main reason the respondent/respondent's spouse/partner was not working. Interviewers defined the response categories as follows:
ILL OR DISABLED AND UNABLE TO WORK: Does not include temporarily out of work because of an illness.
RETIRED: Includes only retired people who are not working.
TAKING CARE OF HOME AND FAMILY: Includes "don't want to work" and "spouse doesn't want me to work."
CANNOT FIND WORK: Includes general difficulty finding work and difficulty finding work in a specific geographical or professional area.
OTHER: Includes "I'm just looking for work."
Note that only categories 1 through 5 appeared during the CATI interview. Other categories were created in coding "other specify" responses recorded verbatim by the interviewers.

Question Num: L1

Question Text: What is the highest grade or level of regular school you have ever completed?

[PROBE: IF ANSWER IS H.S. DIPLOMA: "[Do you/Does (SPOUSE/PARTNER)] have a high school diploma or a GED?"]

Description: The interviewer defined regular school as public schools, private schools, and home schooling. Beyond 12th grade, regular schools include colleges, universities, and vocational/technical schools (such as a business institute or a cosmetology school). The interviewer defined highest grade completed as follows: A grade or level of school is completed if the student attended class through the end of that grade or level and met all the requirements for moving on to the next grade level. If the respondent answered "12th grade," he or she was asked about his or her highest degree in a later question. See also variables UBCPSED, UEDULEVL, and UHIGDEGR.

Variable Name: MSUPPKID

Label: Support out-of-HH dependents

Type: N

Length: 3

Question Num: M8A

Question Text: Now I'd like to ask you about some other expenses {or needs} you may have.

During the last 12 months, did (you/NAME) make financial contributions to support (your/his) children under 18 years of age who live outside the household?1

1 There is no screen M8B. M8A has been set up with displays to function as both M8A and M8B.

Description: The interviewer defined financial contributions as any money payments that a parent made for the support of his or her dependent child or children. Clothes, gifts, toys, or other things purchased for the child were not included, nor was taking the child out to eat.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

Variable Name: MSUPPORD

Label: Child support part of court order

Type: N

Length: 3

Question Num: M8C

Question Text: Were these contributions part of a child support order?

Description: The interviewer defined a child support order as any written agreement between the parents that indicated the amount of financial support that a nonresident parent was expected to make. The agreement did not have to be a legal document ratified by a court, but it had to be a written agreement, not an oral agreement

Variable Name: PERSID

Label: Id# of person on whom the info is cllctd

Type: C

Length: 10

Question Num: N/A

Question Text: N/A

Description: This is a unique number assigned to each person in the household during survey processing. We included it as a convenience to researchers wishing to bring together interview records for the same person on subsequent files. The number is unique for each person.

Variable Name: PERSTYPE

Label: Person type

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable provides information on whether or not the person was sampled by the survey. For sampled persons, detail is provided on whether the person was a focal child, MKA, childless adult, emancipated minor, spouse/partner of either the MKA, childless adult, or emancipated minor, or some other combination of the above.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	3	Spouse/partner of MKA	19,244	25.48
	4	MKA	28,073	37.17
	5	Spouse/partner of Adult (option B responden	7,929	10.50
	6	Adult (option B respondent)	20,141	26.67
	7	Emancipated minor	27	0.04
	8	Spouse/partner of an emancipated minor	13	0.02
	24	Focal child 2 and an MKA	14	0.02
	25	Focal child 2 and a spouse/partner of Adult	5	0.01
	34	Spouse/partner of an MKA and an MKA	70	0.09
	38	Spouse/partner of MKA and spouse of an em	3	0.00
	47	MKA and an emancipated minor	6	0.01

Variable Name: RESPID

Label: Respondent identification number

Type: C

Length: 10

Question Num: N/A

Question Text: N/A

Description: This is a unique number assigned to each respondent during survey processing. We included it as a convenience to researchers wishing to bring together interview records for the same respondent. The number is unique. However, one respondent may answer for two focal children. In this case, both focal children will share the same RESPID. Similarly, each respondent provided information on his or her spouse/partner as well as him or herself.

Variable Name: SEX

Label: Gender

Type: C

Length: 2

Question Num: S6(SEX)/D1

Question Text: [FOR HOUSEHOLDS WITH CHILDREN: Now I'd like to ask about the children in your household who are under 18 years-old.]
[FOR HOUSEHOLDS WITHOUT CHILDREN: To find out who is eligible for the study, I'd like to ask about the people who usually live in your household who are under 65.]

Please tell me just their first name and age.

[FOR EACH CHILD/PERSON, ASK: Is this (child/person) (a boy or a girl/male or female)?]

Description: Gender was obtained for all household members either in the screener (S6) or the household roster in the extended interview (D1). It was only very occasionally missing (see the variable XSEX) and was imputed along with age when necessary. One of the reasons that it was imputed less often than age is that sex could be edited in some cases when a first name was given by the respondent.

Variable Name: U_HRSLY

Label: Hours worked per week last year

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable captures how many hours the sampled adult worked each week in the previous year. The values were based on responses to questions in section I (Employment and Earnings) of the questionnaire. For respondents who were working at the time of the survey for only one employer and who had worked for the same employer for one year or more, U_HRSLY is equal to the workers current usual hours of work (either IHRJBS, IHRSWK or IHRSWKN). For respondents who were mainly self-employed both at the time of the survey and last year, U_HRSLY is equal to the workers current usual hours of work (ISEHR). For all other respondents, U_HRSLY is equal to the hours that they usually worked per week at their main job last year.

Means: | Non-miss n | Min | Max | Mean |
|---|---|---|---|
| 60,654 | 1 | 126 | 40.97 |

Variable Name: **U_LFSR**

Label: Labor force status recode

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: Based on responses to questions in section I (Employment and Earnings) of the survey, this variable indicates the sampled adult's labor force status (whether he or she is working, looking for work, or not in the labor force). On the focal child data set, this variable refers to focal children who are also emancipated minors, MKAs or spouse/partners of MKAs.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not in labor force	16,072	21.28
	1	Looking for work	3,574	4.73
	2	Working	55,879	73.99

Variable Name: **U_SOCPOV**

Label: Social family income as % of poverty

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This constructed variable compares family income received during the year preceding the survey (e.g. 1996 family income for the 1997 NSAF) to the Census Bureau's Federal poverty thresholds for that year, given family size and numbers of children in the family. The social family includes not only married partners and their children, but also unmarried partners, all of their children, and members of the extended family (anyone related by blood, marriage, or adoption to the MKA, the spouse/partner, or their children). Information about the Census Bureau's poverty thresholds is available online at http://www.census.gov/hhes/poverty/povdef.html.

To determine family income, questions are asked about the amount of money income received in the preceding calendar year by each person in the sampled family, 15 years old and over. Sources of income include:

(a) Money wages or salary;
(b) Net income from self-employment;
(c) Social Security;
(d) Supplemental Security Income;
(e) Public assistance or welfare payments;
(f) Interest (on savings or bonds);
(g) Dividends, income from estates or trusts, or net rental income;
(h) Veterans' payment or unemployment and workmen's compensation;
(i) Private pensions or government employee pensions; and
(j) Alimony or child support, regular contributions from persons not living in the household, and other periodic income.

For earnings, this variable uses information reported in Section I: Employment and Earnings. Specifically, this included items on earnings from the year preceding the survey (items I49A - I76). For other sources of income (unearned income) received during the previous year, the variable uses information gathered in Section J: Family Income. Amounts that are reported from the receipt of vouchers or coupons from the welfare office to pay for special expenses (item J5) and food stamps (item J6) are not included in the calculation of family income.

Frequencies

Variable Name: U_USBORN

Label: U.S.- or foreign-born

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable identifies whether household residents are "U.S.-" or "foreign-born". The foreign-born population includes all persons who are not U.S. citizens at birth. Conversely, the U.S.-born population is all persons who are U.S. citizens at birth. Most U.S.-born are born in the United States, but the U.S.-born population also includes persons born in Puerto Rico or another U.S. territory or outlying area (for instance, Guam, the U.S. Virgin Islands, American Samoa, Northern Marianas Islands, and the Marshall Islands). In addition, some persons born in foreign countries are considered part of the U.S.-born population because they were born to U.S. citizens residing outside the United States. Foreign-born persons include both naturalized citizens and non-citizens (see UIMMSTAT).

Respondents were asked where each household resident was born. For persons born outside the 50 states, the District of Columbia, Puerto Rico, and other U.S. territories and outlying areas, additional questions on U.S. citizenship followed. If a respondent answered that a household resident was a "non-citizen," then that person was coded as foreign-born. Additionally, if a respondent answered that the person was a "naturalized citizen," then they were also coded as foreign-born. A small number of focal children cases (34) were imputed to be U.S.-born, although they were born abroad, because one or more of their parents was a native-born U.S. citizen.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	1	U.S.-born	69,250	91.69
	2	Foreign-born	6,275	8.31

Variable Name: U_USHRS

Label: Hours worked per week this year

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable indicates the number of hours the sampled adult usually worked each week in the current year. Depending on how the sampled adult was employed, each score for this variable was calculated from responses to questions in section I (Employment and Earnings).

Means:	Non-miss n	Min	Max	Mean
	55,822	1	126	41.86

Variable Name: U_WKSLY

Label: Weeks worked last year

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable records the number of weeks the sampled adult worked in the past year. This number was calculated based on questions from section I (Employment and Earnings) of the survey. The question from which the answer was derived varied according to the employment situation of the sampled adult.

Means:	Non-miss n	Min	Max	Mean

Variable Name: UAGE

Label: Age (topcoded)

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: The variable UAGE provides the age for each sampled person, truncated at 85. Ages were asked about early in the NSAF. The first name of each household member was also obtained at this point so that further questions about each individual could be asked using his or her name. In a few rare cases, this variable was missing and was imputed.

Means:	Non-miss n	Min	Max	Mean
	75,525	15	85	39.41

Variable Name: **UB1REL**

Label: Relation to option b respondent 1

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable refers to the relationship of the sampled person to the childless adult respondent 1, obtained from the Household Roster section of the survey (Section D). The relationship classifications are not gender-specific. Researchers who desire gender information will have to combine this variable with the variable SEX in order to determine whether the sampled person is, for example, an aunt or uncle.

Variable Name: UCPSID

Label: CPS family ID

Type: C

Length: 10

Question Num: N/A

Question Text: N/A

Description: CPS family ID is a unique number assigned to each family during survey processing. We included it as a convenience to researchers wishing to bring together interview records for the same CPS family. The number assigned will be the same on all files for the same family and, therefore, may be used to match records from one NSAF public use file to another. CPS family definition considers members of a family to be the householder, spouse of family householder, children in the family, and other relatives of the family householder.

Question Num: N/A

Question Text: N/A

Description: This variable indicates whether someone had Medicaid, state program, or State Children's Health Insurance Program (SCHIP) coverage at the time of the survey. These three types of public programs are combined because the variables for each of the three different types of coverage were not designed for separate analysis. This variable was created from variables E18-E21B and E23.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	No current Medicaid/SCHIP/or state coverag	69,275	91.72
	1	Has current Medicaid/SCHIP/or state cvrg	6,250	8.28

Variable Name: UEDULEVL

Label: Highest level of education

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This derived variable indicates the highest grade or level of school that the sampled person ever completed. It is based essentially on the variable LHIGRAD, the questionnaire item that asked about the highest level of education completed. To create this variable, responses to that item were recoded based on data from the variables LHDEGR, LDEGRS, LGED, LHSDIP, LVOCTC, and LOTHDG, which all refer to various academic degrees the respondent may have earned (including GEDs and vocational certificates). For example, for a respondent who reported (in item LHIGRAD) that the highest level of education they had received was 12th grade but who later reported having received a high school diploma, the initial value was recoded on the basis of the additional information.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

Variable Name: UEMFLAG

Label: Emancipated minor respondent

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable identifies cases for which no MKA was available for a person under 18 because that individual was living as an adult, without parents or other guardians present. These are the so-called "emancipated minors." Depending on the nature of the analysis, researchers might want to exclude these individuals.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	.I		75,492	99.96
	1	Emancipated minor	33	0.04

Variable Name: UEMREL

Label: Rltnshp of this person to EM

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable refers to the relationship of the sampled person to the emancipated minor, obtained from the Household Roster section of the survey (Section D). The relationship classifications are not gender-specific. Researchers who desire gender information will have to combine this variable with the variable SEX in order to determine whether the sampled person is, for example, an aunt or uncle.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

	13	Partner/roommate	2,245	2.97
	14	Nonrelative, no own relatives in HH	682	0.90

Variable Name: UFAMID

Label: Social family ID

Type: C

Length: 21

Question Num: N/A

Question Text: N/A

Description: In addition to grouping respondents using CPS definition of a family, NSAF respondents were grouped according to a second family definition. This "social family" definition included not only married partners and their children, but also unmarried partners, all of their children, and members of the extended family (anyone related by blood, marriage, or adoption to the MKA, the spouse/partner, or their children).

This unique number was assigned to each such "family" during survey processing. We included it as a convenience to researchers wishing to bring together interview records for the same social family. The number assigned will be the same on all files for the same family and, therefore, may be used to match records from one NSAF public use file to another.

Variable Name: UFAMTYP

Label: CPS family type

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable is based on the CPS variable, FAMTYP, family type.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

Variable Name: **UHHDREL**

Label: Detail household summary

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable is based on the CPS variable HHDREL, the detailed household summary, but there are slight differences. In CPS, HHDREL=3 means a child under 18 years, never married while HHDREL=4 means a child under 18 years, ever married. Since NSAF does not gather that information for everyone, we can only search for a spouse present or not present in the household. Also, while some people are coded as unrelated to the reference person, they may in fact have an indirect relationship by way of marriage (e.g., a person is married to the daughter of the reference person or a person whose parent is married to the reference person). The code checks for these situations in assigning UHHDREL. Values for this variable were coded based on RELHEAD.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	1	Householder	41,315	54.70
	2	Spouse of householder	24,463	32.39
	3	Chld of hshldr, single (no spouse in HH), <1	1	0.00
	4	Chld of hshldr, ever married (spou in HH), <	30	0.04
	5	Child of householder, 18 years and over	5,095	6.75
	6	Other relative of householder	1,425	1.89
	7	Nonrelative of householder	3,196	4.23

Variable Name: UHIGDEGR

Label: Highest educational degree

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable indicates the highest educational degree held by a sampled person. It provides a sharper, simpler measure of educational attainment than UEDULEVL (see variable UMHSGRAD) while preserving a range of possible responses. As with UEDULEVL, vocational and technical certificates are considered lower-level degrees than college diplomas (but higher than high school diplomas). In fact, they represent a separate educational track from the academic degrees that make up the rest of the UMHIGDEG scale. A high school diploma is ranked above a GED since the diploma has been found to contribute more to later earnings.

In reporting the highest degree earned, UMHIGDEG does not indicate whether all lower-level degrees have been earned. For example, a person with a bachelor's degree may or may not have earned an associate degree. As pointed out earlier, except for high school diplomas and GEDs (see UHSGRADU), there is no comprehensive way to make such distinctions. Also, in moving from highest educational level in UEDULEVL to highest degree in UMHIGDEG, only reported degrees are coded. If another degree logically stands between the highest reported degree and the highest level of schooling in UEDULEVL, it is not coded in UMHIGDEG. Thus, for example, if the highest degree is "associate" when the highest level of education is "completed some graduate or professional classes," no bachelor's degree is inferred. For this reason, the highest-degree variable cannot be thought of as a simple "rounding down" of educational level to the degree that could be assumed to precede it—sometimes the variable reflects an even larger jump.

This variable has not been imputed.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

Variable Name: UHINS4

Label: Current insurance coverage hierarchy

Type: N

Length: 8

Question Num: N/A

Question Text: N/A

Description: This variable classifies each sampled person's health insurance coverage at the time of the survey into four mutually exclusive groups constructed as a hierarchy. For instance, if someone identified having both employer-sponsored coverage and Medicaid, they were classified as having a value of 1 (Employer-Sponsored) for this variable. The order of the hierarchy was: employer-sponsored own, employer-sponsored dependent, Medicaid, state program, SCHIP, a plan purchased directly from an insurance company, Medicare, military, and other-unspecified type. After persons with multiple coverage plans have been classified according to the specified hierarchy, coverage types are collapsed into the four mutually exclusive groups: employer (including military coverage), Medicaid/State/SCHIP, Other (including private, Medicare, and other), and uninsured. It is created using variables E1-E24.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	1	Employer	50,753	67.20
	2	Medicaid/State/CHIP	5,747	7.61
	3	Other	5,786	7.66
	4	Uninsured	13,239	17.53

Variable Name: UHSGRADU

Label: Received a high school diploma or GED

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable shows whether the respondent has a high school diploma or GED.

Variable Name: UIMMSTAT

Label: Immigration status

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable identifies whether or not a household resident is a "U.S.-born citizen"; "foreign-born, naturalized U.S. citizen"; or "foreign-born, non-citizen." U.S.-born citizens are born in the 50 U.S. states, the District of Columbia, Puerto Rico or another U.S. territory (for instance, Guam, the U.S. Virgin Islands, American Samoa, Northern Marianas Islands, and the Marshall Islands). Additionally, some persons born in foreign countries are considered U.S.-born citizens because they were born to U.S. citizens residing outside the United States. Naturalized citizens are foreign-born persons who have become U.S. citizens. Non-citizens are also foreign-born but have not yet become citizens (see U_USBORN).

Respondents were asked where all household residents were born. For persons born outside the 50 states, the District of Columbia, Puerto Rico, and other U.S. territories and outlying areas, additional questions on U.S. citizenship followed. A small number of focal children cases (34) were imputed to be U.S.-born citizens, although they were born abroad, because one or more of their parents was a U.S.-born citizen.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	1	US-born citizen	69,250	91.69
	2	Foreign-born, naturalized US citizen	2,120	2.81
	3	Foreign-born, non-citizen	4,155	5.50

Variable Name: **UINCRPOV**

Label: CPS family income as % of poverty

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This constructed variable compares family income received during the year preceding the survey (e.g. 1996 family income for the 1997 NSAF) to the Census Bureau's Federal poverty thresholds for that year, given family size and numbers of children in the family. The family is composed of all household residents related by blood, marriage, or adoption. Information about the Census Bureau's poverty thresholds is available online at http://www.census.gov/hhes/poverty/povdef.html.

To determine family income, questions are asked about the amount of money income received in the preceding calendar year by each person in the sampled family, 15 years old and over. Sources of income include:

(a) Money wages or salary;
(b) Net income from self-employment;
(c) Social Security;
(d) Supplemental Security Income;
(e) Public assistance or welfare payments;
(f) Interest (on savings or bonds);
(g) Dividends, income from estates or trusts, or net rental income;
(h) Veterans' payment or unemployment and workmen's compensation;
(i) Private pensions or government employee pensions; and
(j) Alimony or child support, regular contributions from persons not living in the
household, and other periodic income.

For earnings, this variable uses information reported in Section I: Employment and Earnings. Specifically, this included items on earnings from the year preceding the survey (items I49A - I76). For other sources of income (unearned income) received during the previous year, the variable uses information gathered in Section J: Family Income. Amounts that are reported from the receipt of vouchers or coupons from the welfare office to pay for special expenses (item J5) and food stamps (item J6) are not included in the calculation of family income.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

	1	Yes	72,078	95.44

Variable Name: URACETH

Label: Race/ethnicity

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable describes each sampled person's race and ethnicity based on values of the hispanic origin variable UBETH and the four category race variable UBRACE4.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	1	Hispanic	8,190	10.84
	2	Black Non-Hispanic	8,106	10.73
	3	Other Non-Hispanic	59,229	78.42

Variable Name: **UREGION**

Label: Region

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: In NSAF, we use the regional partitioning of the United States that was set up by the Census Bureau. The Census Bureau divides the United States into four regions, and within each region into divisions, nine in all. The regions are the Northeast, Midwest (formerly North Central), West, and South. The nine geographic divisions have been largely unchanged for the presentation of summary statistics since the 1910 Census:

NORTHEAST REGION. This region consists of two divisions: New England and the Middle Atlantic. New England has six states: Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont. The Middle Atlantic Division has three states: New Jersey, New York, and Pennsylvania.

MIDWEST REGION. This region also consists of two divisions: East North Central and West North Central. East North Central has five states: Illinois, Indiana, Michigan, Ohio, and Wisconsin. The West North Central Division has seven states: Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota, and South Dakota.

WEST REGION. This region consists of the Mountain and Pacific Divisions. The Mountain Division has eight states: Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Utah, and Wyoming. The Pacific Division has five states: Alaska, California, Hawaii, Oregon, and Washington.

SOUTH REGION. The South Census Region has three divisions: East South Central, West South Central, and South Atlantic. The states are Alabama, Kentucky, Mississippi, and Tennessee for the East South Central Division and Arkansas, Louisiana, Oklahoma, and Texas for the West South Central Division. The South Atlantic Division includes the District of Columbia and the remaining states: Delaware, Florida, Georgia, Maryland, North Carolina, South Carolina, Virginia, and West Virginia.

For the telephone sample, the regions were derived from the area code of the telephone number. From the in-person component, the regions were obtained from the actual sample addresses. Divisions have been defined here, even though the public use files show only census region.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	1	Northeast	17,114	22.66
	2	Midwest	22,001	29.13
	3	South	19,738	26.13
	4	West	16,672	22.07

Variable Name: USPA1REL

Label: Rltnshp of this person to spouse of MKA1

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable refers to the relationship of the sampled person to the spouse of the first MKA, obtained from the Household Roster section of the survey (Section D). The relationship classifications are not gender-specific. Researchers who desire gender information will have to combine this variable with the variable SEX in order to determine whether the sampled person is, for example, an aunt or uncle.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %

Variable Name: USUBFAM

Label: CPS subfamily number

Type: N

Length: 3

Question Num: N/A

Question Text: N/A

Description: This variable is a flag for subfamily assignment and is used in creating CPS family ID numbers.

Values of USUBFAM are created based on HHCOUNT (number of persons in a household), SPOUSE, PARENT, and OTHREL.

If a person is the reference person, he/she is placed in the first subfamily.

The program cycles through the household roster, searching for spouses and children. Spouses and children are placed in the same subfamily unit as the initial person. Other relatives are also picked up and put into the same subfamily unit as the initial person.

Variable Name: WGPRNA0

Label: Natl lvl adult pair full smpl wgt

Type: N

Length: 8

Question Num: N/A

Question Text: N/A

Description: This is the national level survey weight. The weight reflects the original probability of selection of the household, the subsampling done in NSAF to reduce respondent burden, and adjustments made for nonresponse. The weight was further modified, as is customary in household surveys, to correct for net undercoverage. The specific population totals used in the coverage adjustment were obtained from the Census Bureau and are consistent with the concepts employed in the 2000 decennial census.

Variable Name: WGPRNA1-WGPRNA60

Label: Natl lvl adult pair replicate wgts

Type: N

Length: 8

Question Num: N/A

Question Text: N/A

Description: This entry consists of 60 weights provided for researchers who wish to obtain sampling variance estimates using WesVar or other statistical software packages that use replicate weights. These are the replicate versions of the full sample weight and should be employed when variances are required for estimates. Issues of variance estimation are discussed in more detail in the NSAF methodology report series.

Variable Name: XINSFAM

Label: Imputation flag for IINSFAM

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable IINSFAM.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	72,496	95.99
	1	.D, .N, .R imputed to a non-missing value	3,029	4.01

Variable Name: XINSFMR

    Label: Imputation flag for IINSFMR

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable IINSFMR.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,515	99.99
	1	.D, .N, .R imputed to a non-missing value	10	0.01

Variable Name: XINSOTH

    Label: Imputation flag for IINSOTH

    Type: C

    Length: 1

Question Num:

Question Text:

    Description: This variable is an imputation flag for the variable IINSOTH.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	74,061	98.06
	1	Imputed	1,464	1.94

Variable Name: XINSYOU

    Label: Imputation flag for IINSYOU

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable IINSYOU.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	74,319	98.40
	1	.D, .N, .R imputed to a non-missing value	1,206	1.60

Variable Name: XJOBCNT

Label: Imputation flag for IJOBCNT

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable IJOBCNT.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,464	99.92
	1	.D, .N, .R imputed to a non-missing value	61	0.08

Variable Name: XJOBS

Label: Imputation flag for IJOBS

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable IJOBS.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,340	99.76
	1	.D, .N, .R imputed to a non-missing value	185	0.24

Variable Name: XKPINSE

Label: Imputation flag for IKPINSE

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable IKPINSE.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,265	99.66
	1	.D, .N, .R imputed to a non-missing value	260	0.34

Variable Name: XKPINSEN

    Label: Imputation flag for IKPINSEN

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable IKPINSEN.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,272	99.67
	1	.D, .N, .R imputed to a non-missing value	253	0.33

Variable Name: XKPINSN

    Label: Imputation flag for IKPINSN

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable IKPINSN.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,410	99.85
	1	.D, .N, .R imputed to a non-missing value	115	0.15

Variable Name: XKPINSS

    Label: Imputation flag for IKPINSS

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable IKPINSS.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,501	99.97
	1	.D, .N, .R imputed to a non-missing value	24	0.03

Variable Name: XKPINSSN

  Label: Imputation flag for IKPINSSN

  Type: C

  Length: 1

Question Num: N/A

Question Text: N/A

  Description: This variable is an imputation flag for the variable IKPINSSN.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,498	99.96
	1	.D, .N, .R imputed to a non-missing value	27	0.04

Variable Name: XKPINSU

  Label: Imputation flag for IKPINSU

  Type: C

  Length: 1

Question Num: N/A

Question Text: N/A

  Description: This variable is an imputation flag for the variable IKPINSU.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,422	99.86
	1	.D, .N, .R imputed to a non-missing value	103	0.14

Variable Name: XLOOK

  Label: Imputation flag for ILOOK

  Type: C

  Length: 1

Question Num: N/A

Question Text: N/A

  Description: This variable is an imputation flag for the variable ILOOK.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,478	99.94
	1	.D, .N, .R imputed to a non-missing value	47	0.06

Variable Name: XLYWKSA

Label: Imputation flag for ILYWKSA

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable ILYWKSA.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	73,675	97.55
	1	.D, .N, .R imputed to a non-missing value	1,850	2.45

Variable Name: XLYWKSB

Label: Imputation flag for ILYWKSB

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable ILYWKSB.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,503	99.97
	1	.D, .N, .R imputed to a non-missing value	22	0.03

Variable Name: XMONTH

Label: Imputation flag for IMONTH

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable IMONTH.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	74,874	99.14
	1	.D, .N, .R imputed to a non-missing value	651	0.86

Variable Name: XOEMPE

    Label: Imputation flag for IOEMPE

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable IOEMPE.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,415	99.85
	1	.D, .N, .R imputed to a non-missing value	110	0.15

Variable Name: XPDHR

    Label: Imputation flag for IPDHR

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable IPDHR.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	74,900	99.17
	1	.D, .N, .R imputed to a non-missing value	625	0.83

Variable Name: XRUNEMP

    Label: Imputation flag for IRUNEMP

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable IRUNEMP.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,354	99.77
	1	.D, .N, .R imputed to a non-missing value	171	0.23

Variable Name: XSEEMPI

Label: Imputation flag for ISEEMPI

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable ISEEMPI.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,514	99.99
	1	.D, .N, .R imputed to a non-missing value	11	0.01

Variable Name: XSEEMPLY

Label: Imputation flag for ISEEMPLY

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable ISEEMPLY.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	74,991	99.29
	1	.D, .N, .R imputed to a non-missing value	534	0.71

Variable Name: XSEHR

Label: Imputation flag for ISEHR

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable ISEHR.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,151	99.50
	1	.D, .N, .R imputed to a non-missing value	374	0.50

Variable Name: XSEHRLY

    Label: Imputation flag for ISEHRLY

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable ISEHRLY.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,472	99.93
	1	.D, .N, .R imputed to a non-missing value	53	0.07

Variable Name: XSEX

    Label: Imputation flag for SEX

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable SEX.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,508	99.98
	1	.D, .N, .R imputed to a non-missing value	17	0.02

Variable Name: XTEMP

    Label: Imputation flag for ITEMP

    Type: C

    Length: 1

Question Num: N/A

Question Text: N/A

    Description: This variable is an imputation flag for the variable ITEMP.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,479	99.94
	1	.D, .N, .R imputed to a non-missing value	46	0.06

Variable Name: XUNTLNG

Label: Imputation flag for IUNTLNG

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable IUNTLNG.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,141	99.49
	1	.D, .N, .R imputed to a non-missing value	384	0.51

Variable Name: XWKDAY

Label: Imputation flag for IWKDAY

Type: C

Length: 1

Question Num: N/A

Question Text: N/A

Description: This variable is an imputation flag for the variable IWKDAY.

Frequencies	Value	Label	Unwgt Cnt	Unwgt %
	0	Not imputed	75,008	99.32
	1	.D, .N, .R imputed to a non-missing value	517	0.68
