Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

CODE A–D WITHOUT QUESTIONING RESPONDENT:

A. START TIME........................................................................................................... | : | am/pm

B. INTERVIEW LOCATION ..............................................................................................

1. Prison
2. Work furlough program
3. Community corrections facility
4. Half-way house
5. Parole/probation office
6. Community treatment program
7. Other: specify _____________

C. Number of days since last interview | __ | __ | __ | __ |

D. Is the client currently participating in formal AOD treatment (do not include AA, NA, or other self-help)
............................................................................................................................................. 0=No  1=Yes

E. Is the client currently incarcerated? 0=No  1=Yes
READ ALOUD TO RESPONDENT:

Hello, my name is ______, and I work for the ______ study. Thank you for agreeing to talk with me today. This interview usually takes about a half an hour to complete. I’m going to read you a set of questions exactly as they are worded so that each person is asked the same thing. I will need to keep things moving along, so I hope that I don’t sound rude if I tell you we need to move on to the next question.

I will be asking primarily about your personal and family background, your friends, your criminal and legal involvement, and your drug use history. All of your answers will be kept confidential and will in no way affect your legal status, or any services or money you may receive. Many of my questions will refer to the 30 days since your release. I’ll try to be clear, but please ask me if you are not sure about the time period involved.

It is very important that you be open and honest. Some questions may be sensitive or embarrassing to you, but they are necessary to evaluate the intervention.

Do you have any questions before we start?

|___||___|/ |___||___|/ |___|___|___|___|
Month            Day              Year

Date of Release
Enter the date the client was released from the Institution where the baseline interview was completed.

|___||___|/ |___||___|/ |___|___|___|___|
Month            Day              Year

30 days post release
Enter the date 30 days after release from the baseline institution.
PART A: SOCIODEMOGRAPHIC BACKGROUND

Let's begin with some general information.

1. What is your birthdate? [ ] [ ] [ ] / [ ] [ ] [ ] / [ ] [ ] [ ]
   Month Day Year

2. In the 30 days since your release, where have you been living most of the time? (i.e. over ½ of the time)
   1. Shelter (safe havens, transitional living center, low demand facilities, reception centers, other temporary day or evening facility)
   2. Street/outdoors (sidewalk, doorway, park, public or abandoned building)
   3. Institution (hospital, nursing home, jail/prison)
   4. Own/rent apartment, room, or house
   5. Someone else’s apartment, room or house
   6. Halfway house
   7. Residential treatment
   8. Other housed (specify) __________________________

3. How long have you been living there (at that place)? [ ] [ ] [ ] [ ] [ ] [ ] [ ]
   (CODE IN DAYS) #DAYS

4. In the 30 days since your release, have you been living with a spouse, significant other, or domestic partner?
   0=No  *1=Yes

PART B. CRIMINAL BEHAVIOR

Now I’m going to ask you about your past ARRESTS – that is, the number of times and reasons. [“ARRESTED” MEANS TAKEN INTO CUSTODY OR TO POLICE STATION]

1. How much of your income or source of support in the 30 days since your release came from some kind of ILLEGAL ACTIVITY?
   0. None  1. Less than half  2. About half  3. More than half  4. All

2. Altogether, how many TIMES were you arrested in the 30 days since your last interview? [ ] [ ] [ ] # ARRESTS

   What were the charges? ____________________________________________

3. About how many of these arrests were for things you did while using drugs or trying to get drugs?
   [ ] [ ] [ ] # ARRESTS

4. How many nights did you spend in jail during this period?
   [ ] [ ] [ ] # NIGHTS

5. In the 30 days since your release, what is the total length of time that you were on probation?
   [ ] [ ] [ ] [ ] [ ]
6. In the 30 days since your release, what is the total length of time that you were on parole? ................................................................. |___|___|___|

7. What is your CURRENT LEGAL STATUS? |___|
   0. None
   1. Probation with no jail/prison sentence
   2. Probation with jail/prison sentence
   3. Parole
   4. Mandatory release from prison with mandated supervision time
   5. Pretrial release (awaiting charge, trial, or sentence)
   6. Diversion program
   7. Prison
   8. Work Release
   9. Community correctional facility
   10. Other (specify) ________________________________

PART C: DRUG AND TREATMENT HISTORY

1. Now I’d like to ask you about your drug and alcohol use. Remember that this information is confidential.

FOR EACH SEPARATE DRUG USED, ASK:

a. Tell me how many days in the **30 days since your release** you used (drug name)?

   [RECORD RESPONSE IN “DRUG HISTORY CHART”]

   FOR DRUGS USED THAT CAN BE INJECTED (SEE CHART), ASK –

   c. And how many days during the last 30 days did you INJECT (drug name)?

---

**DRUG HISTORY CHART**

<table>
<thead>
<tr>

</tbody>
</table>
2. In the 30 days since your release have you gone to self-help meetings like AA, NA, CA, etc.? (include non-12-step groups such as Rational recovery, SOS and SMART)
   0=No  1=Yes*

   *IF “YES”, ASK:
   a. About how many meetings have you attended in the last 30 days? __________
   b. Over how many days did you attend these meetings? ..............................|____|____

# DAYS

PART D: AIDS RISK ASSESSMENT

In this set of questions, I need to get information about your drug use and sexual activities that could have exposed you to HIV, the virus that causes AIDS. A few questions are highly personal, but it is very important that you be open and honest in your answers. Remember that what you tell me is completely confidential.

1. In the 30 days since your release, how many times did you inject illegal drugs with a needle? ..........................|____|____|____|*  

   *IF “0”, SKIP TO Q.8

2. How many times did you use needles or syringes that were “dirty” – that is, that someone else had used and were not sterilized or cleaned

Page 5 of 20
with bleach before you used them? __________

3. And how many times did you use the same cooker, cotton, or rinse water that someone else had already used? __________

4. Altogether, how many PEOPLE did you share the same works with during the **30 days since your release**? This means all the people who used the same needles or syringes, cooker, cotton, or rinse water before you did? ________________ # PEOPLE

5. And how many of the times that you injected drugs, in the last 30 days, were you with other people who were also injecting? __________ # times

6. How many TIMES, in the last 30 days, did you give or loan your used needles or syringes to someone else, who then used them without cleaning them with bleach? __________ # TIMES

7. In the **30 days since your release**, how many times did you:
   a. Get needles or syringes legally, like at a pharmacy? __________ # TIMES
   b. Give, sell or lend needles or works to a running partner, sex partner or someone else without cleaning them? __________ # TIMES
   c. Clean your works or needles and then given, sold or lent them to others? __________ # TIMES
   d. Cleaned your works with tap water only, boiling water, alcohol, or by heating with a match? __________ # TIMES
   e. Cleaned your works with bleach? __________ # TIMES
   f. Cleaned your works some other way? __________ # TIMES

   If so, then how? ________________________

8. Now I have questions about **SEX** in the **last 30 days** timeline.

   How many different PEOPLE did you have any kind of sex with during that time (including vaginal, oral, or anal)? ________________ # PEOPLE

9. How many of your partners were **female**
   and how many were **male**? __________ # PEOPLE

   Female: __________
   Male: __________

10. Altogether, how many times did you have sex (including vaginal, oral, and anal) in these 30 days? ________________ # TIMES

    a. How many of those times did it involve vaginal sex?
b. How many of those times did it involve oral sex?

.................................................................

# TIMES

c. How many of those times did it involve anal sex?

.................................................................

# TIMES

[DO NOT INCLUDE MASTURBATION]

11. Altogether, how many times did you have sex (including vaginal, oral, anal) in the 30 days after release on the timeline without using protection (i.e. condoms, dental dams, etc.)? .................................................................

[TOTAL TIMES SHOULD EQUAL THE SUM OF A6, A7 AND A8 BELOW]

*IF “0”, SKIP TO Q.12

*IF “ONE OR MORE”, ASK:

a. When you had sex without using a condom that month, how many times was it :

   1. with someone who is not your spouse or primary partner?
   
      .................................................................

   2. with someone who shot drugs with needles?

      .................................................................

   3. with someone who sometimes smokes crack/cocaine, and/or

      Methamphetamine?

      .................................................................

   4. while you or your partner were “high” on drugs or alcohol?

      .................................................................

   5. while trading (giving/getting) sex for drugs, money, or gifts?

      .................................................................

   6. involving vaginal sex (penis to vagina)?

      .................................................................

   7. involving oral sex (mouth to penis/vagina)?

      .................................................................

   8. involving anal sex (penis to anus)?

      .................................................................

   # TIMES

12. In the 30 days after your release, how many times have you used the following drugs immediately before or during sex?

   **Write number of times had sex in 30 days [question 10 above]: .................................................................

   A. Alcohol?

      .................................................................

   B. Marijuana?

      .................................................................

   (Weed, grass, reefer)

   C. Crack?

      .................................................................
D. Cocaine by itself (other than crack) that you injected or snorted?

E. Heroin (by itself)?

F. Heroin and cocaine mixed together (e.g., speedball)

G. Nonprescription Methadone?

H. Other opiates (e.g., Demerol Codeine, Dilaudid)?

I. Amphetamines? (e.g., speed, uppers, bennies)

J. Methamphetamines?

K. Some other drug? (Specify)

Instructions: Please answer the following questions to the best of your knowledge by answering “true” or “false.” If you don’t know the response, try to make a guess based on your instinct.

TCU - HIV Questionnaire: Intent to change HIV risk behavior  
Texas Christian University TIC HIV Module Survey

1. A person who becomes infected with HIV –
   a. usually has less than 6 months to live.
   b. should begin taking medicines that fight the virus as soon as possible.
   c. likely became infected from a flea or tick bite.
   d. must register with the CDC within one year.
   e. all of the above.

2. The virus that causes HIV infection–
   a. can be passed to newborn babies through breast feeding.
   b. is present in semen and vaginal fluids.
   c. can be killed if it is caught in time.
   d. was created in secret government laboratories.
   e. answers a and b only.

3. Which of the following is not risky in terms of catching HIV?
   a. vaginal sex
   b. oral sex
   c. anal/rectal sex
   d. sharing drug injection syringes
   e. donating blood

4. There is nothing a pregnant woman with HIV can do to help prevent her unborn child from becoming infected.
   a. true
   b. false

5. You can tell by looking if a sex partner is infected with HIV.
   a. true
   b. false

Page 11 of 20
CONDOM SELF-EFFICACY SCALE

These next questions ask about your feelings about using condoms, including both male and female condom use. Please respond even if you are not sexually active or have not had a partner who used condoms. In such cases, indicate how you think you would feel in such a situation. The possible responses to these questions are [CARD #10]

1= Strongly Disagree
2=Disagree
3=Undecided (Not Sure)
4=Agree
5=Strongly Agree

____ 1. I feel confident in my ability to put a condom on my partner.
____ 2. I feel confident I could purchase condoms without feeling embarrassed.
____ 3. I feel confident I could remember to carry a condom with me should I need one.
____ 4. I feel confident in my ability to discuss using condoms with any partner I might have.
____ 5. I feel confident in my ability to suggest using condoms with a new partner.
____ 6. I feel confident I could suggest using a condom without my partner feeling “diseased.”
____ 7. I feel confident in my partner’s ability to maintain an erection while using a condom.
____ 8. I would feel embarrassed to put a condom on myself or my partner.
____ 9. If I were to suggest using a condom to a partner, I would feel afraid that he or she would reject me.
____ 10. If I were unsure of my partner’s feelings about using condoms, I would not suggest using one.
____ 11. I feel confident in my ability to use a condom correctly.
____ 12. I would feel comfortable discussing condom use with a sexual partner before we ever had any sexual contact (e.g., hugging, kissing, caressing, etc).
____ 13. I feel confident in my ability to persuade a partner to accept using a condom when we have intercourse.
____ 14. I feel confident that I could gracefully remove and dispose of a condom when we have intercourse.
____ 15. If my partner and I were to try to use a condom and did not succeed, I would feel embarrassed to try to use one again (example: not being able to unroll male condom, putting it on backwards, not being able to insert female condom).
____ 16. I would not feel confident suggesting using condoms with a new partner because I would be afraid my partner would think I had a homosexual experience.
____ 17. I would not feel confident suggesting using condoms with a new partner because I would be afraid my partner would think I had a sexually transmitted disease.
18. I would not feel confident suggesting using condoms with a new partner because I would be afraid my partner would think I thought he/she had a sexually transmitted disease.

19. I would feel comfortable discussing condom use with a potential partner before we ever engaged in intercourse.

20. I feel confident in my ability to incorporate putting a condom on my partner into foreplay.

21. I feel confident that I could use a condom with a partner without “breaking the mood.”

22. I feel confident in my ability to put a condom on my partner quickly.

23. I feel confident I could use a condom during intercourse without reducing any sexual sensations.

24. I feel confident that I would remember to use a condom even after I had been drinking.

25. I feel confident that I would remember to use a condom even if I were high.

26. If my partner did not want to use a condom during intercourse, I could easily convince him or her that it was necessary to do so.

27. I feel confident that I could use a condom successfully.

28. I feel confident I could stop foreplay to put a condom on myself or my partner even in the heat of passion.

AIDS DISCUSSION STRATEGY SCALE

INSTRUCTIONS: Suppose you wanted to talk to a potential or current sexual partner about AIDS. The following statements concern the types of things you might do if you wanted to discuss the topic of AIDS (Acquired Immune Deficiency Syndrome) with a sexual partner (either a current sexual partner or a future sexual partner). More specifically, we are interested in whether you would use each of the behaviors listed below. To provide your responses, use the following scale: [CARD #11]

1. Definitely would not do this.
2. Might not do this
3. Not sure whether I would do this.
4. Might do this
5. Would definitely do this.

<table>
<thead>
<tr>
<th>Behaviors</th>
<th>Scale</th>
</tr>
</thead>
<tbody>

**RELATIONSHIP POWER:** [CARD #13]

**Relationship Control Scale:**

1 = Strongly agree
2 = Agree
3 = Disagree
4 = Strongly disagree

1. If I asked my partner to use a condom, he would get violent.  | 1 | 2 | 3 | 4 |
2. If I asked my partner to use a condom, he would get angry. 1 2 3 4
3. Most of the time, we do what my partner wants to do. 1 2 3 4
4. My partner won’t let me wear certain things. 1 2 3 4
5. When my partner and I are together, I’m pretty quiet. 1 2 3 4
6. My partner has more say than I do about important decisions that affect us. 1 2 3 4
7. My partner tells me who I can spend time with. 1 2 3 4
8. If I asked my partner to use a condom, he would think I’m having sex with other people. 1 2 3 4
9. I feel trapped or stuck in our relationship. 1 2 3 4
10. My partner does what he wants, even if I do not want him to. 1 2 3 4
11. I am more committed to our relationship than my partner is. 1 2 3 4
12. When my partner and I disagree, he gets his way most of the time. 1 2 3 4
13. My partner gets more out of our relationship than I do. 1 2 3 4
14. My partner always wants to know where I am. 1 2 3 4
15. My partner might be having sex with someone else. 1 2 3 4

Decision-Making Dominance Scale: [CARD #14]
1 = Your partner
2 = Both of you equally
3 = You

INSTRUCTIONS: Next, I would like to get some information about your attitudes and behaviors in relationships. Some of the questions will be about your relationships in the 30 days after your release and some questions will be about the next 2 months. Even if you don’t think that you will have a relationship in the next 2 months, please make a guess about what you would do if you were in a relationship. To provide your responses, use the following scale where 1=never and 10=everyday:

<table>
<thead>
<tr>
<th>ITEMS</th>
<th>SCALE</th>
</tr>
</thead>
<tbody>
<tr>
<td>1a. In the 30 days after your release, how often did you think that having unprotected sex would strengthen your relationship?</td>
<td>1 2 3 4 5 6 7 8 9 10</td>
</tr>
<tr>
<td>1b. In the 30 days after your release, how often did you have unprotected sex to strengthen your relationship?</td>
<td>1 2 3 4 5 6 7 8 9 10</td>
</tr>
<tr>
<td>1c. In the next 2 months, how often will you have unprotected sex to strengthen your relationship?</td>
<td>1 2 3 4 5 6 7 8 9 10</td>
</tr>
<tr>
<td>2a. In the 30 days after your release, how often did you only feel good about yourself when you were in a relationship, even if it was a risky relationship?</td>
<td>1 2 3 4 5 6 7 8 9 10</td>
</tr>
<tr>
<td>2b. In the 30 days after your release, how often did you have unprotected sex in order to feel good about yourself when you were in a relationship, even if it</td>
<td>1 2 3 4 5 6 7 8 9 10</td>
</tr>
</tbody>
</table>
was a risky relationship?

2c. In the next 2 months, how often will you have unprotected sex in order to feel good about yourself when you were in a relationship, even if it is a risky relationship?

3a. In the 30 days after your release, how often did you feel that you made healthy choices about using protection during sex when using drugs?

3b. In the 30 days after your release, how often did you have unprotected sex when using drugs?

3c. In the next 2 months, how often will you have unprotected sex when using drugs?

4a. In the 30 days after your release, how often did you feel that your partner was safe by the way your partner looked, talked, and/or acted?

4b. In the 30 days after your release, how often did you have unprotected sex because you felt your partner was safe by the way your partner looked, talked, and/or acted?

4c. In the next 2 months, how often will you have unprotected sex because you feel your partner is safe by the way your partner looks, talks, and/or acts?

5a. In the 30 days after your release, how often did you feel that you would not get HIV because you are not really at risk?

5b. In the 30 days after your release, how often did you have unprotected sex because you felt that you were not really at risk for HIV?

5c. In the next 2 months, how often will you have unprotected sex because you feel that you are not really at risk for HIV?

6a. In the 30 days after your release, how often did you feel that you didn’t need to practice safe sex because you’ve been with your partner for a long time?

6b. In the 30 days after your release, how often did you have unprotected sex because you’ve been with your partner for a long time?

6c. In the next 2 months, how often will you have unprotected sex because you’ve been with your partner for a long time?

7a. In the 30 days after your release, how often did you feel that you had to use sex as a way to get what you wanted in a relationship?

7b. In the 30 days after your release, how often did you have unprotected sex as a way to get what you wanted in a relationship?

7c. In the next 2 months, how often will you have unprotected sex as a way to get what you want in a relationship?

**RRR-HIV Knowledge about Relationships and HIV Scale**

**INSTRUCTIONS:** I am going to read some statements. Please tell me to what extent do you believe the statement is true. If you don’t know the response, try to make a guess based on your instinct. The possible responses to these questions are [CARD #15]

1= Definitely False 
2= Maybe False 
3= Undecided (Not Sure) 
4= Maybe True 
5= Definitely True

<table>
<thead>
<tr>
<th>ITEMS</th>
<th>SCALE</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. There is a cure for HIV.</td>
<td>1 2 3 4 5</td>
</tr>
<tr>
<td>2. There is no vaccination for Hepatitis B.</td>
<td>1 2 3 4 5</td>
</tr>
</tbody>
</table>
3. If a woman injects drugs, she can get HIV through sharing cookers, cotton, and rinse water.  

4. Crack and cocaine use can increase my risk for HIV, Hepatitis B, and Hepatitis C.  

5. A female and a male condom should never be used at the same time.  

6. Women can use drugs and still make healthy choices.  

7. An unhealthy relationship can increase a woman's risk of HIV.  

8. Women sometimes use drugs in an unhealthy relationship to keep the relationship going.  

9. A woman can stop the effects of drugs and alcohol on her body if she tries hard enough.  

10. Having sex without protection will strengthen a relationship.  

11. Women should only think good things about themselves when they are in a relationship, even if it is a risky relationship.  

12. The most dangerous time for an abused woman is when she attempts to leave the abusive relationship.  

13. When an abuser says everything is "ok" the victim should feel good about the relationship.  

14. A women can tell her sex partner is safe by the way he/she looks, talks, and/or acts.  

15. If a woman has been with her sex partner for a long time, she doesn’t need to practice safe sex.  

16. Women won’t get HIV because we really aren’t at risk.  

17. A woman can't get HIV just from having unprotected sex one time.  

18. Knowing about relationship triggers can help a woman avoid situations where she might have unprotected sex.  

19. Women have to use sex as a way to get what they want in a risky relationship.  

20. It is safer for a woman to have several support people in her life so she does not have to rely on a sex partner to meet her needs.  

21. Women can feel very desperate when they leave prison and can end up being mistreated if they don't make plans before they leave prison.  

**INTERVIEWER INSTRUCTIONS:** Give this sheet to the participant and read the statement aloud. Ask the participant to circle the number that indicates how much she believes the statement is true.

1. Having sex without protection will strengthen my relationship.

1---------2---------3--------4--------5---------6---------7---------8---------9---------10

Definitely True  Definitely NOT True

2. Using drugs with my partner will strengthen my relationship.
3. I only think good things about myself when I am in a relationship, even if it is a risky relationship.

4. I think good things about myself even when I’m not in a risky relationship.

5. I can use drugs and always make healthy choices about protection.

6. I don’t make health choices about HIV protection when I use drugs.

7. I know my partner is safe from HIV by the way my partner looks.

8. I know my partner is safe from HIV by the way my partner talks.

9. I know my partner is safe from HIV by the way my partner acts.
10. I know my partner is safe by the way my partner looks, talks, and/or acts.

1---------2---------3---------4---------5---------6---------7---------8---------9---------10
Definitely True Definitely NOT True

11. I will not get HIV because I'm not really at risk.

1---------2---------3---------4---------5---------6---------7---------8---------9---------10
Definitely True Definitely NOT True

12. I will get HIV because I am at risk.

1---------2---------3---------4---------5---------6---------7---------8---------9---------10
Definitely True Definitely NOT True

SELF-EFFICACY: This next set of questions asks about how comfortable you are in your abilities to do certain things. How sure are you that you would be able to: [CARD #12]

Use Response options are: 1 = Not at all sure 2 = A little sure 3 = Somewhat sure 4 = Pretty sure 5 = Very sure
