Dear Student,

Thank you for participating in this survey. While answering the questions, it is important that you think about your experiences in a specific classroom. The proctor of the survey will tell you the classroom/teacher you should think about. If they have not done so already, please ask.

Your teacher and your principal will not look at your answers. Later, someone from outside of your school will tell your teacher and your principal how the students in your school responded, but not how you or any one individual student answered. Please answer what you really think and feel. You do not have to answer any question that you do not want to answer.
