Interviewer ID: ___________

This interview asks about things that people sometimes do. Remember, at the beginning of the study, I told you about the special protection to ensure your privacy? The Federal Certificate of Confidentiality makes it illegal for anyone, even your parents or people at school, to see or find out what your answers are in this study. No one except our research staff will ever see them. Your answers can never be seen by police, the courts, your parents, or anyone else.

I am going to describe some things that people do. First, tell me if you have ever done any of these things. Then I will ask how many times you have done the thing during the last year or last 12 months, that is since...

Refer to first month on the time line.

Please give me your best estimate or guess of the exact number of times you've done each thing in the last year.
