My Exposure to Violence (Subject)

Instrument for Cohort 6
I'm going to ask you about different things that you may have seen or that may have happened to you.

Then I'm going to ask you where those things have happened. I'll ask you if they happened at home, at school, or in your neighborhood.

When I ask you about different things that have happened to you or that you have seen, DO NOT include in your answers things that you may have seen or heard about only on TV, in videos, on the radio, or in the movies. I want you to tell me ONLY about things you have seen in real life or about things that have happened to you.

If you don't understand a question, just tell me. Okay?
