The next set of questions are about different violent things that may have happened to you or that you may have seen. This might be difficult for you to think about. We may also ask you about how many times things have happened to you. Sometimes this is hard to do. We appreciate your answering the questions as best as you can. I want to remind you that I am not allowed to discuss your answers with anyone else.

When I ask about different things that you may have seen, DO NOT include in your answers things that you may have seen or heard about only on TV, radio, the news, or in the movies.

RA: Hand SP Response Card #8 for the first frequency question asked.
