The Inter-university Consortium for Political and Social Research (ICPSR) offers opportunities for employment as a Research Assistant/Research Technician or Research Associate/Research Area Specialist. ICPSR is looking for individuals with education and experience in the social sciences who are interested in furthering the goals of social science through data processing and preservation.

Position Responsibilities
As a Research Assistant/Research Technician or Research Associate/Research Area Specialist at ICPSR, you will be involved in:
• Preparing data for permanent archiving and distribution for secondary analysis
• Preserving respondent anonymity
• Performing statistical analyses to check data for accuracy
• Composing study descriptions of data collections
• Creating, editing, and reviewing accompanying documentation
• Interacting with principal investigators and data producers
• Providing user support to the research community
• Collaborating with other staff

To Apply
Interested individuals should submit a letter of interest and a resume. Questions should be directed to careers@icpsr.umich.edu.

For more information on how to apply for a specific position at ICPSR, please visit the University of Michigan job postings Web site: www.umich.edu/~jobs.

The University of Michigan is a nondiscriminatory, affirmative action employer.
