The Inter-University Consortium for Political and Social Research (ICPSR) Summer Program offers an integrated, comprehensive curriculum of study in social science research methodology. We also provide a stimulating and enjoyable learning environment. ICPSR Summer Program participants work hard and learn a great deal — but they also have a lot of fun!

- We offer three- to five-day workshops and four-week courses in research design, statistics, data analysis, and methodology.
- Our instructional staff is composed of excellent teachers from a variety of substantive fields.
- Most of our courses are held on the campus of the University of Michigan, Ann Arbor.

Sample Courses:
- Introduction to Statistics and Data Analysis (I and II)
- Regression Analysis (I, II, and III)
- Maximum Likelihood Estimation
- Bayesian Modeling
- Methodological Issues in Quantitative Research on Race and Ethnicity
- Panel Data Analysis Using Stata
- Categorical Data Analysis
- Structural Equation Models
- Hierarchical Linear Models
- Network Analysis
- Time Series Analysis
- Multivariate Statistical Methods
